## TESTIMONY OF HOPE

“My name is Maritza, and I have four children. I used to live with my family in the house of my husband’s grandparents. But my husband and I would fight, and he threw me out of the house. When I asked for money to buy food, he would get aggravated and become abusive because he would not want to give us anything. That is how I lived.

I separated from him because it was better than a life of fighting. I worked in the field planting corn and yucca. They paid me \$14/day. Sometimes I would also wash clothes or pull up weeds. That’s how I sustained my family.

Now I am in Santa Maria Magdalena’s Home. I came to harvest the coffee and cocoa that they have provided for me to help sustain my family. This house is a support for all the mothers who need help, who have nowhere to go. Now with this home, we have a place to stay, a refuge, a place we can stay with our children. We have help with food—because sometimes we are without anything.

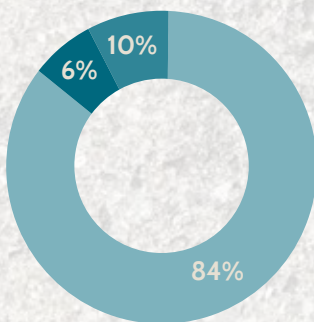

The missionaries also help us with prayers. We pray, we sing. They teach and play with the children, and they help a lot. Thank God for all that they give to mothers in need. I thank God that they give a grain of wheat to this area, to the moms who sometimes have no bread to bring to the table. I give thanks to God for everyone who gives to us!”
